Coloplast is delighted to invite institutional investors, equity analysts, and media to attend our Meet the Management event 2022.

The event will be held in-person at our headquarters in Humlebaek, Denmark, with the option of joining us virtually for the plenary session.

The purpose of the event is to provide institutional investors and equity analysts with the opportunity to meet the Executive Management as well as selected key representatives from Coloplast.

The event will be a combination of a plenary session, covering a brief update of our Q3 2021/22 results and an update of our Strive25 strategy with a key focus on our Innovation agenda and the recent acquisition of Atos Medical. In the afternoon, the participants will be split into groups and rotate between four Q&A break-out sessions. The break-out sessions will be in-person only.

The formal program ends at 18.00, followed by an opportunity to meet with management representatives in an informal setting.

Please do not hesitate to forward this invitation to relevant persons in or outside your organisation.

We look forward to seeing you in August.
